

## Final Project Write-up Rubrick

### Grading criteria

### Score to grade mapping rules

The minimum possible score for this rubric is **0 points** and it will be converted to the minimum grade available in this module (which is zero unless the scale is used). The maximum score **42 points** will be converted to the maximum grade. Intermediate scores will be converted respectively and rounded to the nearest available grade.

If a scale is used instead of a grade, the score will be converted to the scale elements as if they were consecutive integers.
